### **TURKISH LANGUAGE PROFICIENCY EXAM DATE**

Will be announced after the certain registration period.

### **EVALUATION and OTHER ISSUES**

- For the programs taught in Turkish, foreign national students (except the students graduated from higher education institutions in Turkey) are requested to submit a Turkish Language Proficiency Certificate issued by Turkish Language Teaching Centers (TOMER) of Universities or other public institutions proving they are proficient to attend graduate studies and have at least C1 (70/100) proficiency in Turkish. Students who do not succeed in this exam can continue their Turkish language education at Çankırı Karatekin University TOMER or any other institution providing language education in order to improve their language. Students must submit their Turkish proficiency certificate at C1 level until the last Thesis Exam. Within this period, candidates can continue their education.
- Foreign applicants who apply to graduate programs whose language of instruction is English must have at least 65 points from the central foreign language exams conducted by OSYM or have equivalent equivalent scores from national / international foreign language exams accepted by OSYM. Candidates who do not have enough points are required to take 65 points or more from the English proficiency exam to be held by our University. Students who do not

succeed in this exam can continue their English language education at the Çankırı Karatekin University Language Education Application and Research Center (TOMER) or another institution providing language education during the graduate program period to improve their language. Students should submit their language documents until the Thesis Defense Exam. Within this period, candidates can continue their education. This requirement is not required for those who have completed their undergraduate studies in an English language department.

- The International Student Applications are assessed based on their bachelor's degree CGPAs (transcripts) for the master's studies and master's degree CGPAs (transcripts) for the doctorate studies. Based on these assessment results, a list of accepted candidates and wait list are announced in accordance with the quotas.
- Foreign national students are obliged to pay a "tuition fee" determined by our University on the basis of the article 3 of the decision dated 27.06.2018 with no 12007 of the Council of Ministers published on the Official Gazette dated 07.07.2018 with no 30471. The fees for the courses, seminars and other services related to the graduate study to be determined by the relevant bodies is to be paid in advance. Students proving that they are granted scholarships by The Republic of Turkey or their own governments and receiving scholarships from our university are not obliged to pay "tuition fee". Tuition Fees for those students will be paid by the relevant institutions.
