

## Education Guide for International Students

### Applications

- ✓ All new admission applications are accepted online.
- ✓ Graduate candidates can access all the relevant information at [study.karatekin.edu.tr](http://study.karatekin.edu.tr).
- ✓ Undergraduate - associate degree candidates can access all the relevant information at [yos.karatekin.edu.tr](http://yos.karatekin.edu.tr).
- ✓ Candidates, who want to apply for the ÇAKUYÖS exam, can register at [onkayit.karatekin.edu.tr/yos\\_login](http://onkayit.karatekin.edu.tr/yos_login).

### Registration

- ✓ International students can realize final registrations online.

### Education and Training

- ✓ International Students will receive their education online in accordance with the Decision of the CoHe.
- ✓ As ÇAKU, we have developed Face-to-Face Online Teaching© model. Teaching will be realized based on this model.
- ✓ In Face-to-Face Online Teaching some of our local students will participate in person and the rest can participate online while the professor is teaching, online participants can follow the lesson through the system reflecting the lesson on the board with projection.
- ✓ Students, who are unable to participate in face-to-face classes, will participate simultaneously online. They will be able to see the teacher and the board as if they were in the classroom and they can ask questions using their microphones and get an answer.
- ✓ This model will be able to run with a very low internet quota since it is done via Remote Education System - ALMS - (in Turkey, an internet package costing 70 TL per month will be enough).
- ✓ The courses will be available on the system the next day and can be viewed repeatedly.
- ✓ Our students will have access to education at a very low cost.
- ✓ Similarly, the exams will be conducted online through the same system.
- ✓ Courses with training such as in dentistry, nursing and engineering will be given in a condensed program (around five weeks) in 2022 or later.
- ✓ Our international students who are studying face-to-face online teaching© will be awarded a formal education degree diploma.

***We will be happy to see you at our university over the next few years.***
